# Summary Section

## Investment Objective

The Adams Harkness Small Cap Growth Fund (the “Fund”) seeks maximum capital appreciation.

## Fees and Expenses

This table describes the fees and expenses that you may pay if you buy and hold shares of the Fund.

<b>Shareholder Fees (fees paid directly from your investment)</b>	
Maximum Sales Charge (Load) Imposed on Purchases (as a percentage of the offering price)	None
Maximum Deferred Sales Charge (Load) (as a percentage of the offering price)	None
Maximum Sales Charge (Load) Imposed on Reinvested Dividends and Distributions (as a percentage of the offering price)	None
Redemption Fee (as a percentage of amount redeemed within 30 days of purchase, if applicable)	1.00%
<b>Annual Fund Operating Expenses (expenses that you pay each year as a percentage of the value of your investment)</b>	
Management Fees	1.00%
Distribution and/or Service (12b-1) Fees	0.00%
Other Expenses	2.63%
<b>Total Annual Fund Operating Expenses</b>	<b>3.63%</b>

## Expense Example

This Example is intended to help you compare the cost of investing in the Fund with the cost of investing in

other mutual funds. The Example assumes that you invest \$10,000 in the Fund for the time periods indicated and then redeem all of your shares at the end of those periods. The Example also assumes that your investment has a 5% return each year and that the Fund’s operating expenses remain the same. Although your actual costs may be higher or lower, based on these assumptions your costs would be:

<b>1 Year</b>	<b>3 Years</b>	<b>5 Years</b>	<b>10 Years</b>
\$ 365	\$ 1,112	\$ 1,878	\$ 3,889

## Portfolio Turnover

The Fund pays transaction costs, such as commissions, when it buys and sells securities (or “turns over”) its portfolio. A higher portfolio turnover rate may indicate higher transaction costs and may result in higher taxes when Fund shares are held in a taxable account. These costs, which are not reflected in annual fund operating expenses or in the Example, affect the Fund’s performance. During the most recent fiscal year, the Fund’s portfolio turnover rate was 319% of the average value of its portfolio.

## Principal Investment Strategies

The Fund normally invests at least 80% of its net assets plus borrowings for investment purposes in the equity securities of smaller, lesser-known companies whose stocks are traded in the U.S. markets. The Fund normally invests in companies that AH Lisanti Capital Growth, LLC (“AH Lisanti” or the “Adviser”) believes are in an early stage or transitional point in their development and have above average prospects for growth, including initial public offerings of such

companies. Smaller companies are generally defined by the Adviser as those with market capitalizations below \$2 billion at the time of initial purchase.

The Fund's investment process focuses on 1) security selection through a quantitative screening process of the universe of small capitalization companies to identify those companies with fundamental strengths and/or positive catalysts, such as new management, which may provide for a potential acceleration in the growth rate of the company; and 2) portfolio construction reflecting major social, economic and technological trends that provide a framework for identifying the industries and companies in which the Fund will invest. The Fund may invest in initial public offerings ("IPOs") and engage in frequent trading in connection with the implementation of the Fund's strategy. Securities in the portfolio may be sold when they exhibit deteriorating fundamentals, changing circumstances affect the original reasons for the investment, their valuation target is achieved or, in the Adviser's opinion, more attractive alternatives exist.

Because the Fund invests in small companies that the portfolio manager believes offer promising growth potential, including fast growing companies that offer innovative products, services or technologies to a rapidly expanding marketplace, IPOs could be candidates for inclusion in the Fund. Under certain market conditions, IPOs and companies newly public could comprise a significant portion of the Fund's investments. Additionally, under certain market conditions, from time to time, the Fund may engage in active short-term trading to take advantage of price movements affecting individual issues, groups of issues, or markets.

## Principal Investment Risks

**General Market Risk** The Fund's net asset value ("NAV") and investment return will fluctuate based upon changes in the value of its portfolio securities. You could lose money on your investment in the Fund or the Fund could underperform other investments. An investment in the Fund is not a deposit of a bank and is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency.

**Market Events Risk** It is important that investors closely review and understand the risks of investing in the Fund. Turbulence in the financial markets and reduced liquidity in equity, credit and fixed income markets may negatively affect issuers worldwide, which could have an adverse effect on the Fund.

**Equity Risk** The Fund is subject to the risks of broad stock market decline or a decline in particular holdings. In addition, the value of a security may decline for a number of reasons which directly relate to the issuer of a security, such as management performance, financial leverage and reduced demand for the issuer's goods or services. Common stocks, which are a type of equity security, are generally subordinate to issuers' other securities, including convertible and preferred securities.

**Growth Company Risk** Securities of growth companies can be more sensitive to the company's earnings and more volatile than the market in general. This can be particularly true of IPOs, which as mentioned below, can at times constitute a significant portion of the Fund's investments.

**Initial Public Offerings Risk** A portion of the Fund's return may be attributable to its investment in IPOs. When the Fund's asset base is small, the impact of such investments on the Fund's return will be magnified but should decline with the growth of the Fund's assets.

**Management Risk** Due to its active management, the Fund could underperform other mutual funds with similar investment objectives.

**Portfolio Turnover Risk** A high level of portfolio turnover may have a negative impact on performance by increasing transaction costs. The Adviser can engage in frequent trading on occasion, if it believes it is in the Fund's best interests and in the implementation of its strategy. This frequent trading can affect performance through increased brokerage and other transaction costs, such as increased custody costs.

**Smaller Company Risk** Securities of smaller companies may be more volatile than securities of larger companies and as a result, the price of smaller companies may decline more in response to selling pressure. The equity securities of smaller, higher growth companies, in which the Adviser invests, are generally less liquid than the equity securities of larger, more established companies.

### Performance Information

The following chart and table illustrate the variability of the Fund's returns as of December 31, 2010. The chart and table provide some indication of the risks of investing in the Fund by showing changes in the Fund's performance from year to year and how the Fund's average annual returns for 1 and 5 years and since inception compare with those of the Russell 2000 Growth Index. Updated performance information is

available online at [www.ahsmallcap.com](http://www.ahsmallcap.com) or by calling (800) 441-7031 (toll free).

*Performance information (before and after taxes) represents only past performance and does not necessarily indicate future results.*

### Calendar Year Total Returns

#### YEARS ENDED DECEMBER 31

During the period shown, the highest return for a quarter was 19.11% (4th quarter, 2010) and the lowest return was -27.02% (4th quarter, 2008).

### AVERAGE ANNUAL TOTAL RETURNS

	1 Year	5 Year	Since Inception 2/27/04
Return Before Taxes	34.80%	2.34%	4.65%
Return After Taxes on Distributions	34.80%	1.88%	4.25%
Return After Taxes on Distributions and Sale of Fund Shares	22.62%	1.73%	3.79%
<b>Russell 2000 Growth Index (reflects no deduction for fees, expenses or taxes)</b>	<b>29.09%</b>	<b>5.30%</b>	<b>5.75%</b>

After-tax returns are calculated using the historical highest individual federal marginal income tax rates and do not reflect the impact of state and local taxes. Actual after-tax returns depend on an investor's tax situation and may differ from those shown. After-tax returns shown are not relevant to investors who hold their Fund shares through tax-deferred arrangements, such as 401(k) plans or individual retirement accounts.

### Management

**Investment Adviser** AH Lisanti Capital Growth, LLC is the Fund's investment Adviser.

**Portfolio Manager** Mary Lisanti is primarily responsible for the day-to-day management of the Fund. Ms. Lisanti has served as portfolio manager of the Fund since its inception in February 2004.

### Purchase and Sale of Fund Shares

You may purchase or sell (redeem) shares of the Fund on any day the New York Stock Exchange is open for business. You may purchase or redeem shares directly from the Fund by calling (800) 441-7031 (toll free) or writing to the Fund at Adams Harkness Small Cap Growth Fund, P.O. Box 588, Portland, Maine, 04112. You also may purchase or redeem shares of the Fund through your financial intermediary. The Fund accepts investments in the following minimum amounts:

	<b>Minimum Initial Investment</b>	<b>Minimum Additional Investment</b>
All Accounts	\$2,000	\$250

### Tax Information

Shareholders may receive from the Fund distributions of dividends and capital gains, which may be taxed as ordinary income or capital gains.

### Payments to Broker-Dealers and Other Financial Intermediaries

If you purchase the Fund through a broker-dealer or other financial intermediary (such as a bank), the Fund and its related companies may pay the intermediary for the sale of Fund shares and related services. These payments may create a conflict of interest by influencing the broker-dealer or other intermediary and your salesperson to recommend the Fund over another investment. Ask your salesperson or visit your financial intermediary's website for more information.

# Details Regarding the Fund's Investment Strategies and Risks

## Additional Information Regarding Principal Investment Strategies

### Concepts to Understand

**Equity Security** means a security such as a common stock, preferred stock or convertible security that represents an ownership interest in a company.

**Common Stock** means an ownership interest in a company and usually possesses voting rights and earns dividends.

**Preferred Stock** means a class of stock having a preference over common stock as to the payment of dividends and the recovery of investment should a company be liquidated, although preferred stock is usually junior to the debt securities of the issuer. Preferred stock typically does not possess voting rights and its market value may change based on changes in interest rates.

**Convertible Security** means debt securities, preferred stock or other securities that may be converted into or exchanged for a given amount of common stock of the same or a different issuer during a specified period and at a specified price in the future. A convertible security entitles the holder to receive interest on debt or the dividend on preferred stock until the convertible security matures or is redeemed, converted or exchanged. Convertible securities rank senior to common stock in a company's capital structure but are usually subordinate to comparable nonconvertible securities.

**Market Capitalization** means the value of a company's common stock in the stock market.

The Fund normally invests at least 80% of its net assets plus borrowings for investment purposes in the equity securities of smaller, lesser-known companies whose

stocks are traded in the U.S. markets ("80% Policy"). The Fund normally invests in companies that the portfolio manager believes are in an early stage or transitional point in their development and have above average prospects for growth, including initial public offerings of such companies. Smaller companies are generally defined by the Adviser as those with market capitalizations below \$2 billion at the time of initial purchase.

The Fund must provide shareholders with 60 days' prior written notice if it changes its 80% Policy.

**The Adviser's Process** The Fund's investment process focuses on two key areas—security selection and portfolio construction. AH Lisanti Capital Growth, LLC ("AH Lisanti" or the "Adviser"), the Fund's Adviser uses a disciplined investment process that includes the following components:

### Security Selection:

**Database Screening** The portfolio manager applies a quantitative screening process to the universe of small capitalization companies to identify those companies with fundamental strengths such as:

- strong balance sheets
- good cash flow
- high returns on equity
- strong or improving fundamentals
- new products and/or unique business strategies

The portfolio manager also looks for companies with positive catalysts, such as new management, which may

provide for a potential acceleration in the growth rate of the company. Other factors identified through the screening process include:

- high management ownership in the company
- low institutional ownership

A valuation screen is also used to determine if the price/earnings ratio in relation to the company's underlying growth rate is reasonable.

**Fundamental Research** Fundamental research focuses on identifying several types of companies that the portfolio manager believes offer promising growth potential including:

- small, fast growing companies that offer innovative products, services or technologies to a rapidly expanding marketplace
- companies experiencing a major change which is expected to produce advantageous results, such as new management, products or technologies, restructuring or reorganization, or merger and acquisition

The portfolio manager utilizes meetings with company management and analysts, research at industry trade shows and conferences, initial public offering (“IPOs”) roadshows, and discussions with customers and competitors, to help identify companies whose stock price may not reflect the rate of growth the company can maintain and/or those whose stock price does not yet reflect the positive changes that have occurred because they have not yet appeared in the financial results. Once purchased, portfolio holdings are

monitored closely, and new information is evaluated relative to the original reason for investing.

### **Portfolio Construction:**

**Themes** The portfolio manager intends the Fund's investments to reflect what she believes to be the major social, economic and technological trends (collectively, “Themes”) that will shape the future of business and commerce over the next three to five years. These Themes will provide a framework for identifying the industries and companies in which the Fund will invest. While sector weightings are monitored, the portfolio is generally constructed around 12-15 themes, such as The New Consumer, The Ubiquitous Semiconductor and Managing the Information Age.

**Sell Discipline** In general, stocks are sold when:

- valuation targets are achieved
- changing circumstances affect the original reasons for the investment
- the company exhibits deteriorating fundamentals
- the portfolio manager believes more attractive alternatives exist

**Initial Public Offerings** Because the Fund invests in small companies that the portfolio manager believes offer promising growth potential, including small, fast growing companies that offer innovative products, services or technologies to a rapidly expanding marketplace, IPOs could be candidates for inclusion in the Fund. Under certain market conditions, IPOs and companies newly public could comprise a significant

portion of the Fund's investments. Additionally, under certain market conditions, from time to time, the Fund may engage in active short-term trading to take advantage of price movements affecting individual issues, groups of issues, or markets.

**Temporary Defensive Position** In order to respond to adverse market, economic, political or other conditions, the Fund may assume a temporary defensive position that is inconsistent with its principal investment objective and/or strategies and invest, without limitation, in cash or prime quality cash equivalents (including commercial paper, certificates of deposit, banker's acceptances and time deposits). A defensive position taken at the wrong time may have an adverse impact on the Fund's performance. The Fund may be unable to achieve its investment objective during the employment of a temporary defensive measure.

### **Additional Information Regarding Principal Investment Risks**

**General Market Risk** An investment in the Fund is not a deposit of a bank and is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. The Fund's net asset value ("NAV") and investment return will fluctuate based upon changes in the value of its portfolio securities. In general, stock values are affected by activities specific to the company as well as general market, economic and political conditions. The market value of securities in which the Fund invests is based upon the market's perception of value and is not necessarily an objective measure of the securities' value. There is no assurance that the Fund will achieve its investment objective and an investment in the Fund is not by itself a complete or

balanced investment program. You could lose money on your investment in the Fund or the Fund could underperform other investments. Other general market risks include:

- The stock market may not recognize the growth potential or value of the stocks in the Fund's portfolio
- The judgment of AH Lisanti as to the growth potential or value of a stock may be wrong
- A decline in investor demand for growth stocks may adversely affect the value of the portfolio securities

**Market Events Risk** It is important that investors closely review and understand the risks of investing in the Fund. Turbulence in the financial markets and reduced liquidity in equity, credit and fixed income markets may negatively affect issuers worldwide, which could have an adverse effect on the Fund.

**Equity Risk** The value of the Fund's stock holdings may decline in price because of changes in prices of its holdings or a broad stock market decline. These fluctuations could be a sustained trend or a drastic movement. The stock markets generally move in cycles, with periods of rising prices followed by periods of declining prices. The value of your investment may reflect these fluctuations. In addition, convertible securities are more frequently issued by smaller issuers and, therefore, may be more volatile.

**Growth Company Risk** An investment in growth stocks may be susceptible to rapid price swings, especially during periods of economic uncertainty. Growth stocks typically have little or no dividend income

to cushion the effect of adverse market conditions and may be particularly volatile in the event of earnings disappointments or other financial difficulties experienced by the issuer.

**Initial Public Offerings Risk** A portion of the Fund's return may be attributable to its investment in IPOs. When the Fund's asset base is small, the impact of such investments on the Fund's return will be magnified. As the Fund's assets grow, the effect of the Fund's investment in IPOs on the Fund's total return should decline.

**Management Risk** The Fund is actively managed and its performance therefore will reflect the Adviser's ability to make investment decisions which are suited to achieving the Fund's investment objectives. Due to its active management, the Fund could underperform other mutual funds with similar investment objectives.

**Portfolio Turnover Risk** The frequency of portfolio transactions of the Fund (the portfolio turnover rate) will vary from year to year depending on many factors. The Fund engages in active short-term trading to take advantage of price movements affecting individual issues, groups of issues or markets. An annual portfolio turnover rate of 100% would occur if all the securities in the Fund were replaced once in a period of one year. Higher portfolio turnover rates result in increased brokerage costs to the Fund and a possible increase in short-term capital gains or losses, which may adversely affect Fund performance and would generally be distributed to the Fund's shareholders as ordinary income.

**Smaller Company Risk** Because investing in small companies can have more risk than investing in larger, more established companies, an investment in the Fund may have the following additional risks:

- The securities of smaller companies are traded in lower volume and may be less liquid than securities of larger, more established companies
- The value of the securities may depend on the success of products or technologies that are in a relatively early stage of development and that may not have been tested
- Smaller companies may have more limited product lines, markets and financial resources that make them more susceptible to economic and market setbacks
- At certain times, the stock market may not favor the smaller, growth-oriented companies in which the Fund invests. During this time, it would be expected that the Fund could underperform other funds with different investment strategies
- Analysts and other investors typically follow these companies less actively, and information about these companies is not always readily available

For these and other reasons, the prices of small capitalization securities can fluctuate more significantly than the securities of larger companies. The smaller the company, the greater effect these risks may have on that company's operations and performance; this could have a significant impact on the price of the security. As a result, an investment in the Fund may exhibit a higher degree of volatility than the general domestic securities market.

## Who May Want to Invest in the Fund

The Fund may be appropriate for you if you:

- Are willing to tolerate significant changes in the value of your investment
- Are pursuing a long-term goal, and
- Are willing to accept higher short-term risk for potential capital appreciation

The Fund may *not* be appropriate for you if you:

- Need regular income or stability of principal,
- Are pursuing a short-term goal or investing emergency reserves, or
- Want an investment that pursues market trends or focuses only on particular sectors or industries

The Fund is a series of Forum Funds (the “Trust”), an open-end, management investment company (mutual fund). The business of the Trust and the Fund is managed under the direction of the Board of Trustees of the Trust (“the Board”). The Board oversees the Fund and meets periodically to review the Fund’s performance, monitor investment activities and practices, and discuss other matters affecting the Fund. Additional information regarding the Board, as well as the Trust’s executive officers, may be found in the Fund’s Statement of Additional Information (“SAI”).

## Adviser

AH Lisanti serves as the investment adviser of the Fund pursuant to an Investment Advisory Agreement between the Trust and AH Lisanti. AH Lisanti is located at 608 Fifth Ave, Suite 301, New York, New York 10020. As of March 31, 2011, AH Lisanti had approximately \$308.8 million in assets under management.

Subject to the oversight of the Board, AH Lisanti makes investment decisions for the Fund. For the Fund’s fiscal year ended December 31, 2010, AH Lisanti received an advisory fee of 1.00% of the average daily net assets of the fund. AH Lisanti has voluntarily agreed to waive a portion of its advisory fee and reimburse Fund expenses from May 1, 2011, through April 30, 2012, so that the Fund’s Total Annual Fund Operating Expenses (including taxes, interest, portfolio transaction expenses, and extraordinary expenses) do not exceed 1.80%. However, there can be no assurance that the current waiver will be maintained. AH Lisanti can unilaterally decide to terminate its waiver and reimbursement at any time. Any fee waiver or expense reimbursement increases investment performance of the Fund for the

period during which the waiver or reimbursement is in effect and may not be recouped at a later date.

A discussion summarizing the basis on which the Board most recently approved the Investment Advisory Agreement between the Trust and AH Lisanti is included in the Fund’s annual report for the period ended December 31, 2010.

## Portfolio Manager

**Mary Lisanti** Ms. Lisanti is responsible for the day-to-day management of the Fund and performs all of the functions related to the management of the portfolio. She has over 32 years of financial markets experience with a particular expertise in managing growth-oriented investment strategies in small and mid capitalization equities. Her accomplishments include being named “Fund Manager of the Year” by *Barron’s* in 1996. She also was top-ranked as an analyst, and in 1989 ranked #1, by Institutional Investor, for her work in small company research.

Ms. Lisanti became the majority owner of AH Lisanti on June 30, 2005. Ms. Lisanti has served as the Fund’s portfolio manager since its commencement.

From 1998 to 2004, Ms. Lisanti was Chief Investment Officer of ING Investments, LLC, responsible for overseeing the firm’s equity mutual funds as well as serving as portfolio manager for the ING SmallCap Opportunities series and separately managed institutional accounts and as lead portfolio manager for the ING MidCap Opportunities and Growth Opportunities Funds and LargeCap Growth Fund. From 1996 to 1998, she was a portfolio manager of the Strong Small Cap

Fund and separately managed institutional accounts and senior portfolio manager of the Strong Mid Cap Fund.

From 1993 to 1996 she worked at Bankers Trust Corp., where her most recent position was as Managing Director and Head of Small and Mid-Capitalization Equity Strategies. During her tenure there, she managed the BT Small Cap and Capital Appreciation Funds as well as separately managed accounts. Earlier in her career, she was Vice President of Investments with the Evergreen Funds. She began her financial industry career as a securities analyst specializing in emerging growth stocks. Ms. Lisanti, who is a Chartered Financial Analyst, received a B.A. with honors from Princeton University.

The Fund's SAI provides additional information about the portfolio manager's compensation, other accounts managed by the portfolio manager and the portfolio manager's ownership of shares of the Fund.

### **Other Service Providers**

Atlantic Fund Administration, LLC (d/b/a Atlantic Fund Services) ("Atlantic") provides certain administration, portfolio accounting and transfer agency services to the Fund and the Trust, and supplies certain officers to the Trust including a Principal Executive Officer, Principal Financial Officer, Chief Compliance Officer and an Anti-Money Laundering Compliance Officer as well as additional compliance support personnel.

Foreside Fund Services LLC, (the "Distributor"), the Trust's principal underwriter, acts as the Trust's distributor in connection with the offering of the Fund's shares. The Distributor may enter into arrangements

with banks, broker-dealers and other financial intermediaries through which investors may purchase or redeem shares. The Distributor is not affiliated with the Adviser or with Atlantic or their affiliates.

The Trust has adopted a shareholder servicing plan for the Fund under which the Fund pays the Fund's administrator an annualized fee of up to 0.25% of average daily net assets for providing shareholder service activities that are not otherwise provided by the transfer agent. The Fund's administrator may pay this fee to various financial intermediaries, including AH Lisanti, that provide services to shareholders.

### **Fund Expenses**

The Fund pays for its expenses out of its own assets. Expenses of the Fund include the Fund's own expenses as well as Trust expenses that are allocated among the Fund and the other funds of the Trust. Certain service providers may waive all or any portion of their fees and reimburse certain expenses of the Fund. Atlantic has voluntarily agreed to waive certain service fees from May 1, 2011, through December 31, 2011, in order to lower the Total Annual Fund Operating Expenses of the Fund. However, there can be no assurance that the current waiver will be maintained through December 31, 2011, as Atlantic can unilaterally decide to terminate its waiver at any time. Any fee waiver or expense reimbursement increases investment performance of the Fund for the period during which the waiver or reimbursement is in effect and may not be recouped at a later date.

## How to Contact the Fund

Please contact the transfer agent at (800) 441-7031 (toll free) to obtain the ABA routing number and account number for the Fund.

## General Information

You may purchase or sell (redeem) shares of the Fund on any day the New York Stock Exchange (“NYSE”) is open for business. Under unusual circumstances, such as in the case of an emergency, the Fund may calculate its NAV and accept and process shareholder orders when the NYSE is closed.

You may purchase or sell shares of the Fund at the next NAV calculated (normally 4:00 p.m., Eastern Time) after the transfer agent or your approved broker-dealer or

other financial intermediary (“Financial Intermediary”) receives your request in good order. “Good order” means that you have provided sufficient information necessary to process your request as outlined in this Prospectus, including any required signatures, documents, payment and Medallion Signature Guarantees. All requests to purchase or sell Fund shares received in good order prior to the Fund’s close will receive that day’s NAV. Requests received in good order after the Fund’s close or on a day when the Fund does not value its shares will be processed on the next business day and will receive the next subsequent NAV. The Fund cannot accept orders that request a particular day or price for the transaction or any other special conditions.

The Fund does not issue share certificates.

If you purchase shares directly from the Fund, you will receive quarterly statements from the Fund detailing Fund balances and all transactions completed during the prior quarter and a confirmation of each transaction. Automatic reinvestments of distributions and systematic investments/withdrawals may be confirmed only by quarterly statement. You should verify the accuracy of all transactions in your account as soon as you receive your confirmations and quarterly statements.

The Fund may temporarily suspend or discontinue any service or privilege, including systematic investments and withdrawals, wire redemption privileges and telephone or internet redemption privileges, if applicable. The Fund reserves the right to refuse any purchase request, particularly requests that could adversely affect the Fund or its operations.

**When and How NAV is Determined** The Fund calculates its NAV as of the close of trading on the NYSE (normally 4:00 p.m., Eastern Time) on each weekday except days when the NYSE is closed. The NYSE is open every weekday, Monday through Friday, except on the following holidays: New Year's Day, Martin Luther King, Jr. Day (the third Monday in January), President's Day (the third Monday in February), Good Friday, Memorial Day (the last Monday in May), Independence Day, Labor Day (the first Monday in September), Thanksgiving Day (the fourth Thursday in November) and Christmas Day. NYSE holiday schedules are subject to change without notice. The NYSE may close early on the day before each of these holidays and the day after Thanksgiving Day. To the extent the Fund's portfolio investments trade in markets on days when the Fund is not open for business, the Fund's assets may vary on those days. In addition, trading in certain portfolio investments may not occur on days the Fund is open for business as markets or exchanges other than the NYSE may be closed.

The NAV of the Fund is determined by taking the market value of the total assets of the class, subtracting the liabilities and then dividing the result (net assets) by the number of outstanding shares of the Fund.

The Fund values securities for which market quotations are readily available, including certain open-end investment companies, at current market value, except for certain short-term securities which are valued at amortized cost. Securities for which market quotations are readily available are valued using the last reported sales price provided by independent pricing services as of the close of trading on the NYSE on each Fund business day. In the absence of sales, such securities are valued at the mean of the last bid and asked price.

Non-exchange traded securities for which quotations are readily available are generally valued at the mean between the current bid and asked price. Investments in other open-end registered investment companies are valued at their NAV.

Market quotations may not be readily available or may be unreliable if, among other things, (1) the exchange on which a Fund portfolio security is principally traded closes early, (2) trading in a portfolio security was halted during the day and did not resume prior to the time as of which the Fund calculates its NAV, or (3) events occur after the close of the securities markets on which the Fund's portfolio securities primarily trade but before the time as of which the Fund calculates its NAV.

If market prices are not readily available or the Fund reasonably believes that they are unreliable, such as in the case of a security value that has been materially affected by events occurring after the relevant market closes, the Fund is required to value such securities at fair value as determined in good faith using procedures approved by the Fund's Board. The Board has delegated day to day responsibility for fair value determinations to a Valuation Committee, members of which are appointed by the Board. Fair valuation may be based on subjective factors and, as a result, the fair value price of a security may differ from the security's market price and may not be the price at which the security may be sold. Fair valuation could result in a different NAV than a NAV determined by using market quotes.

Securities of smaller companies are also more likely to require a fair value determination because they may be thinly traded and less liquid than traditional securities of larger companies.

### **Transactions through Financial Intermediaries**

The Fund has authorized certain Financial Intermediaries, including the designees of such entities, to accept purchase, redemption and exchange orders on the Fund's behalf. If you invest through a Financial Intermediary, the policies and fees of the intermediary may be different than the policies and fees if you had invested directly of the Fund. Among other things, Financial Intermediaries may charge transaction fees and may set different minimum investment restrictions or limitations on buying (selling) Fund shares. You should consult your broker or other representative of your Financial Intermediary for more information.

All orders to purchase or sell shares are processed as of the next NAV calculated after the order has been received in good order by a Financial Intermediary. Orders are accepted until the close of regular trading on the NYSE every business day (normally 4:00 p.m., Eastern Time) and are processed the same day at that day's NAV. To ensure this occurs, the Financial Intermediaries are responsible for transmitting all orders to the Fund in compliance with their contractual deadline.

**Payments to Financial Intermediaries** The Fund and its affiliates (at their own expense) may pay compensation to Financial Intermediaries for shareholder-related services and, if applicable, distribution-related services, including administrative, recordkeeping, and shareholder communication services. For example, compensation may be paid to make Fund shares available to sales representatives and/or customers of a fund supermarket platform or similar program sponsor or for services provided in connection with such fund supermarket platforms and programs.

The amount of compensation paid to different Financial Intermediaries may differ. The compensation paid to a Financial Intermediary may be based on a variety of factors, including average assets under management in accounts distributed and/or serviced by the Financial Intermediary, gross sales by the Financial Intermediary and/or the number of accounts serviced by the Financial Intermediary that invest in the Fund. To the extent that the Fund pays (all or a portion of) such compensation, it is designed to compensate the Financial Intermediary for providing services that would otherwise be provided by the Fund's transfer agent and/or administrator.

The Adviser or another Fund affiliate, out of its own resources, may provide additional compensation to Financial Intermediaries. Such compensation is sometimes referred to as "revenue sharing." Compensation received by a Financial Intermediary from the Adviser or another Fund affiliate may include payments for shareholder servicing, marketing and/or training expenses incurred by the Financial Intermediary, including expenses incurred by the Financial Intermediary in educating its salespersons with respect to Fund shares. For example, such compensation may include reimbursements for expenses incurred in attending educational seminars regarding the Fund, including travel and lodging expenses. It may also cover costs incurred by Financial Intermediaries in connection with their efforts to sell Fund shares, including costs incurred compensating registered sales representatives and preparing, printing and distributing sales literature.

Any compensation received by a Financial Intermediary, whether from the Fund or its affiliate(s), and the prospect of receiving such compensation may provide

the Financial Intermediary with an incentive to recommend the shares of the Fund over other potential investments. Similarly, the compensation may cause Financial Intermediaries to elevate the prominence of the Fund within its organization by, for example, placing it on a list of preferred funds.

**Anti-Money Laundering Program** Customer identification and verification are part of the Fund's overall obligation to deter money laundering under federal law. The Trust's Anti-Money Laundering Program is designed to prevent the Fund from being used for money laundering or the financing of terrorist activities. In this regard, the Fund reserves the right, to the extent permitted by law, to: (1) refuse, cancel or rescind any purchase order; or (2) to freeze any account and/or suspend account services. These actions will be taken when, at the sole discretion of Trust management, they are deemed to be in the best interest of the Fund or in cases when the Fund is requested or compelled to do so by governmental or law enforcement authority or applicable law. If your account is closed at the request of governmental or law enforcement authority, you may not receive proceeds of the redemption if the Fund is required to withhold such proceeds.

**Disclosure of Portfolio Holdings** A description of the Fund's policies and procedures with respect to the disclosure of portfolio securities is available in the Fund's SAI which is available from the Fund's website at [www.ahsmallcap.com](http://www.ahsmallcap.com).

## Buying Shares

**How to Make Payments** Unless purchased through a Financial Intermediary, all investments must be made by check, ACH or wire. All checks must be payable in U.S. dollars and drawn on U.S. financial institutions. In the absence of the granting of an exception consistent with the Trust's Anti-Money Laundering Program adopted on behalf of the Fund, the Fund does not accept purchases made by credit card check, starter check, checks with more than one endorsement (unless the check is payable to all endorsees), cash or cash equivalents (for instance, you may not pay by money order, cashier's check, bank draft or traveler's check). The Fund and the Adviser also reserve the right to accept in-kind contributions of securities in exchange for shares of the Fund.

**Checks** Checks must be made payable to "Adams Harkness Small Cap Growth Fund." For individual, sole proprietorship, joint, Uniform Gift to Minors Act ("UGMA") and Uniform Transfer to Minors Act ("UTMA") accounts, checks may be made payable to one or more owners of the account and endorsed to "Adams Harkness Small Cap Growth Fund." A \$20 charge may be imposed on any returned checks.

**ACH** Refers to the "Automated Clearing House" system maintained by the Federal Reserve Bank, which allows banks to process checks, transfer funds and perform other tasks. Your U.S. financial institution may charge you a fee for this service.

**Wires** Instruct your financial institution with which you have an account to make a Federal Funds wire payment to us. Your U.S. financial institution may charge you a fee for this service.

**Minimum Investments** The Fund accepts investments in the following minimum amounts:

	<b>Minimum Initial Investment</b>	<b>Minimum Additional Investment</b>
All Accounts	\$2,000	\$250

If deemed appropriate by the Trust's officers, the Fund reserves the right to waive minimum investment amounts. Registered investment advisers and financial planners may be permitted to aggregate the value of Traditional or Roth Individual Retirement Accounts ("IRA") in order to meet minimum investment requirements.

## Account Requirements

Type of Account	Requirement
<b><i>Individual, Sole Proprietorship and Joint Accounts</i></b> Individual accounts and sole proprietorship accounts are owned by one person. Joint accounts have two or more owners (tenants).	<ul style="list-style-type: none"><li>• Instructions must be signed by all persons required to sign exactly as their names appear on the account.</li></ul>
<b><i>Gifts or Transfers to a Minor (UGMA, UTMA)</i></b> These custodial accounts provide a way to give money to a child and obtain tax benefits.	<ul style="list-style-type: none"><li>• Depending on state laws, you can set up a custodial account under the UGMA or the UTMA.</li><li>• The custodian must sign instructions in a manner indicating custodial capacity.</li></ul>
<b><i>Corporations/Other</i></b>	<ul style="list-style-type: none"><li>• The entity should submit a certified copy of its articles of incorporation (or a government-issued business license or other document that reflects the existence of the entity) and corporate resolution or a secretary's certificate.</li></ul>
<b><i>Trusts</i></b>	<ul style="list-style-type: none"><li>• The trust must be established before an account can be opened.</li><li>• The trust should provide the first and signature pages from the trust document identifying the trustees.</li></ul>

### **Account Application and Customer Identity**

**Verification** To help the government fight the funding of terrorism and money laundering activities, federal law requires financial institutions to obtain, verify and record information that identifies each person who opens an account.

When you open an account, the Fund will ask for your first and last name, U.S. tax identification number, physical street address, date of birth, and other information or documents that will allow the Fund to identify you. If you do not supply the required information, the Fund will attempt to contact you or, if applicable, your financial adviser. If the Fund cannot obtain the required information within a timeframe established in our sole discretion, your application will be rejected.

When your application is in good order and includes all required information, your order will normally be processed at the NAV next calculated after receipt of your application and investment amount. Once your application is accepted, the Fund will attempt to verify your identity using the information you have supplied and other information about you that is available from third parties, including information available in public and private databases such as consumer reports from credit reporting agencies.

The Fund will try to verify your identity within a timeframe established in its sole discretion. If the Fund cannot do so, the Fund reserves the right to redeem your investment at the next NAV calculated after the Fund decides to close your account. If your account is closed, you may be subject to a gain or loss on Fund shares and will be subject to any related taxes and will not be able to

recoup any redemption fees assessed. If the Fund has not yet collected payment for the shares being sold, it may delay sending redemption proceeds until such payment is received, which may be up to 15 calendar days.

### **Policy on Prohibition of Foreign Shareholders**

The Fund requires that all shareholders must be U.S. persons or U.S. resident aliens with a valid U.S. tax identification number (or who can show proof of having applied for a U.S. tax identification number and commit to provide a valid U.S. tax identification number with 60 days) to open an account with the Fund.

### How to Open an Account

#### ***By Internet [www.ahsmallcap.com](http://www.ahsmallcap.com)***

- Log on to our website.
- Select “Open an Online Account.”
- Complete the application online.
- Accept the terms of the online application.
- Account opening amount limited to \$25,000 (if you would like to invest more than \$25,000, you may make the investment by check or wire).
- We will electronically debit your purchase proceeds from the financial institution identified on your account application.

#### ***By ACH Payment***

- Call, write, or visit [www.ahsmallcap.com](http://www.ahsmallcap.com) for an account application.
- Complete the application (and other required documents, if applicable).
- Call us to fax the completed application (and other required documents, if applicable) and we will assign you an account number.
- Mail us your original application (and other required documents, if applicable).
- We will electronically debit your purchase proceeds from the financial institution identified on your account application.
- Purchases are limited to \$25,000 per day.

### How to Add to Your Account

#### ***By Internet [www.ahsmallcap.com](http://www.ahsmallcap.com)***

- Log on to our website.
- Select “Access Your Account.”
- Provide the following information:
  - Your user ID
  - Your password
- Select the “Purchase” option under the “Account Listing” menu.
- Follow the instructions provided
- Subsequent purchases are limited to \$25,000 per day (if you would like to invest more than \$25,000, you may make the investment by check or wire).
- We will electronically debit your purchase proceeds from the financial institution identified on your account application

#### ***By ACH Payment***

- Call to request a purchase by ACH payment.
- We will electronically debit your purchase proceeds from the financial institution identified on your account application.
- Purchases are limited to \$25,000 per day.

**Systematic Investments** You may establish a systematic investment plan to invest automatically a specific amount of money (up to \$25,000 per day) into your account on a specified day and frequency not to exceed two investments per month. Payments for systematic investments are automatically debited from your designated savings or checking account via ACH. Systematic investments must be for at least \$100 per occurrence. If you wish to enroll in the systematic investment plan, complete the appropriate section on the account application. Your signed account application must be received at least three business days prior to the initial transaction. The Fund may terminate or modify this privilege at any time. You may terminate your participation in the systematic investment plan by notifying the Fund sufficiently in advance of the next withdrawal.

The systematic investment plan is a method of using dollar cost averaging as an investment strategy that involves investing a fixed amount of money at regular time intervals. However, a program of regular investment cannot ensure a profit or protect against a loss as a result of declining markets. By continually investing the same amount, you will be purchasing more shares when the price is low and fewer shares when the price is high. Please call (800) 441-7031 (toll free) for additional information regarding the Fund's systematic investment plan.

**Limitations on Frequent Purchases** The Board has adopted policies and procedures with respect to frequent purchases and redemptions of Fund shares by Fund shareholders. It is the Fund's policy to discourage short-term trading. Frequent trading in the Fund, such as trades seeking short-term profits from market

momentum and other timing strategies, may interfere with the management of the Fund's portfolio and result in increased administrative and brokerage costs and potential dilution in the value of Fund shares. As money is moved in and out, the Fund may incur expenses buying and selling portfolio securities and these expenses are borne by Fund shareholders. The Fund will not knowingly accommodate trading in Fund shares in violation of these policies.

Focus is placed on identifying redemption transactions which may be harmful to the Fund or its shareholders if they are frequent. These transactions are analyzed for offsetting purchases within a predetermined period of time. If three such offsetting purchases occur within 30 calendar days of a redemption, that shareholder's account may be prevented from making additional purchases. Among other things, the Fund reserves the right to cancel (within one business day of detection), restrict or, reject, without any prior notice, any purchase order, including transactions representing excessive trading, transactions that may be disruptive to the management of the Fund's portfolio, and purchase orders not accompanied by payment.

Because the Fund receives purchase and sale orders through Financial Intermediaries that use omnibus or retirement accounts, the Fund cannot always detect frequent purchases and redemption. As a consequence, the Fund's ability to monitor and discourage abusive trading practices in such accounts may be limited.

In addition, the sale of Fund shares may be subject to a redemption fee of 1.00% of the current NAV of shares redeemed within 30 days of purchase. See "Selling Shares—Redemption Fee" for additional information.

The investment in securities of small- and medium-sized companies may make the Fund's shares more susceptible to market timing as shareholders may try to capitalize on the market volatility of such securities and the effect of the volatility on the value of Fund shares. There is no assurance that fair valuation of securities can reduce or eliminate market timing.

The Fund reserves the right to refuse any purchase request, particularly requests that could adversely affect the Fund or its operations.

**Canceled or Failed Payments** The Fund accepts checks and ACH payment at full value subject to collection. If the Fund does not receive your payment for shares or you pay with a check or ACH payment that does not clear, your purchase will be canceled within two business days of notification from your bank that your funds did not clear. You will be responsible for any actual losses or expenses incurred by the Fund or the transfer agent, and the Fund may redeem shares you own in the account (or another identically registered account that you maintain with the transfer agent) as reimbursement. The Fund and its agents have the right to reject or cancel any purchase due to non-payment.

### **Selling Shares**

The Fund processes redemption orders received in good order at the next calculated NAV. The right of redemption may not be suspended, except for any period during which: (1) the NYSE is closed (other than customary weekend and holiday closings) or during which the Securities Exchange and Commission (the "SEC") determines that trading thereon is restricted; (2) an emergency (as determined by the SEC) exists as a

result of which disposal by the Fund of its securities is not reasonably practicable or as a result of which it is not reasonably practicable for the Fund to determine fairly the value of its net assets or (3) the SEC has entered a suspension order permit for the protection of the shareholders of the Fund.

Before selling recently purchased shares, please note that if the Fund has not yet collected payment for the shares you are selling, it may delay sending redemption proceeds until it receives payment, which may be up to 15 calendar days from the day of purchase.

### **How to Sell Shares from Your Account**

#### ***Through a Financial Intermediary***

- If you purchased shares through your Financial Intermediary, your redemption order must be placed through the same Financial Intermediary.
- Contact your Financial Intermediary by the method that is most convenient for you.

#### ***By Mail***

- Prepare a written request including:
  - Your name(s) and signature(s)
  - Your account number
  - The Fund name
  - The dollar amount or number of shares you want to sell
  - How and where to send the redemption proceeds
- Obtain a signature guarantee (if required)
- Obtain other documentation (if required)
- Mail us your request and documentation.

## How to Sell Shares from Your Account

### **By Telephone**

- Call us with your request (unless you declined telephone redemption privileges on your account application)
- Provide the following information:
  - Your account number
  - Exact name(s) in which the account is registered
  - Additional form of identification
- Redemption proceeds will be mailed to you by check or electronically credited to your account at the U.S. financial institution identified on your account application.

### **By Internet [www.ahsmallcap.com](http://www.ahsmallcap.com)**

- Log on to our website (unless you declined Internet trading privileges on your account application).
- Select "Access Your Account."
- Provide the following information:
  - Your user ID
  - Your password
- Select the "Redemption" option under the "Account Listing" menu.
- Follow the instructions provided.
- Redemption proceeds will be electronically credited to your account at the U.S. financial institution identified on your account application.

### **Systematically**

- Complete the systematic withdrawal section of the application.
- Attach a voided check to your application.
- Mail us the completed application.
- Redemption proceeds will be mailed to you by check or electronically credited to your account at the U.S. financial institution identified on your account application.

**Wire Redemption Privileges** You may redeem your shares by wire unless you declined wire redemption privileges on your account application. The minimum amount that may be redeemed by wire is \$5,000.

**Telephone Redemption Privileges** You may redeem your shares by telephone unless you declined telephone redemption privileges on your account application. You may be responsible for any unauthorized telephone order as long as the transfer agent takes reasonable measures to verify that the order is genuine. Telephone redemption orders may be difficult to complete during periods of significant economic or market activity. If you are not able to reach the Fund by telephone, you may mail your redemption order.

**Systematic Withdrawals** You may establish a systematic withdrawal plan to automatically redeem a specified amount of money or shares from your account on a specified day and frequency not to exceed one withdrawal per month. These payments are sent from your account by check to your address of record, or, if you so designate, to your bank account by ACH payment. To establish a systematic withdrawal plan, complete the systematic withdrawal section of the account application. The plan may be terminated or modified by a shareholder or the Fund at any time without charge or penalty. You may terminate your participation in the plan at any time by contacting the Fund sufficiently in advance of the next withdrawal.

A withdrawal under the systematic withdrawal plan involves a redemption of Fund shares and may result in a gain or loss for federal income tax purposes. In addition, if the amount withdrawn exceeds the dividends credited to your account, the account

ultimately may be depleted. Please call (800) 441-7031 (toll free) for additional information regarding the Fund's systematic withdrawal plan.

**Signature Guarantee Requirements** To protect you and the Fund against fraud, signatures on certain requests must have a Medallion Signature Guarantee. A Medallion Signature Guarantee verifies the authenticity of your signature. You can obtain a Medallion Signature Guarantee from most banking institutions or securities brokers but not from a notary public. The transfer agent will require written instructions signed by all registered shareholders with a Medallion Signature Guarantee for each shareholder for any of the following:

- Written requests to redeem \$100,000 or more
- Changes to a shareholder's record name or account registration
- Paying redemptions proceeds from an account for which the address has changed within the last 30 days
- Sending redemption and distribution proceeds to any person, address or financial institution account not on record
- Sending redemption and distribution proceeds to an account with a different registration (name or ownership) from your account
- Adding or changing ACH or wire instructions, telephone redemption or exchange options, or any other election in connection with your account

The transfer agent reserves the right to require Medallion Signature Guarantees on all redemptions.

**Redemption Fee** If you redeem your shares within 30 days of purchase, you will be charged a 1.00% redemption fee. The fee is charged for the benefit of the Fund's remaining shareholders and will be paid to the Fund to help offset transaction costs. To calculate the redemption fees (after first redeeming any shares associated with reinvested distributions), the Fund will use the first-in, first-out (FIFO) method to determine the holding period. Under this method, the date of the redemption will be compared with the earliest purchase date of shares in the account.

The following redemptions are exempt from application of the redemption fee if you request the exemption at the time the redemption request is made:

- redemption of shares in a deceased shareholder account if such an account is registered in the deceased's name;
- redemption of shares in an account of a disabled individual (disability of the shareholder as determined by the Social Security Administration);
- redemption of shares purchased through a dividend reinvestment program;
- redemption of shares pursuant to a systematic withdrawal plan;
- redemptions in a qualified retirement plan under section 401(a) of the Internal Revenue Code ("IRC") or a plan operating consistent with Section 403(b) of the IRC and;
- redemptions from share transfers, rollovers, reregistrations within the same fund or conversions from one share class to another within the Fund, if applicable.

The Fund may require appropriate documentation of eligibility for exemption from application of the redemption fee.

Certain Financial Intermediaries that collect a redemption fee on behalf of the Fund may not recognize one or more of the exceptions to the redemption fee listed above or may not be able to assess a redemption fee under certain circumstances due to operational limitations (i.e., on Fund shares transferred to the Financial Intermediary and subsequently liquidated). Customers purchasing shares through a Financial Intermediary should contact the Financial Intermediary or refer to the customer's account agreement or plan document for information about how the redemption fee for transactions for the Financial Intermediary's account or the customer's account is treated and about the availability of exceptions to the imposition of the redemption fee. If a Financial Intermediary that maintains an account with the transfer agent for the benefit of its customer accounts collects redemption fees for the Fund from applicable customer accounts, no redemption fees will be charged directly to the Financial Intermediary's account by the Fund.

**Small Account Balances** If the value of your account falls below the minimum account balances listed below, the Fund may ask you to increase your balance. If after 60 days, the account value is still below the minimum balance, the Fund may close your account and send you the proceeds. The Fund will not close your

account if it falls below these amounts solely as a result of Fund performance.

	<b>Minimum Account Balance</b>
Standard Accounts	\$1,000
Retirement Accounts	\$ 500

**Redemptions In Kind** Pursuant to an election filed with the SEC, the Fund reserves the right to pay redemption proceeds in portfolio securities rather than in cash. To the extent that the shareholder redeems shares in this manner, the shareholder assumes the risk of a subsequent change in the market value of those securities, the cost of liquidating the securities and the possibility of a lack of a liquid market for those securities. In addition, the shareholder will bear any brokerage and related costs in disposing of or selling the portfolio securities it receives from the Fund. Please see the SAI for more details on redemptions in kind.

**Lost Accounts** The transfer agent will consider your account "lost" if correspondence to your address of record is returned as undeliverable on two consecutive occasions, unless the transfer agent determines your new address. When an account is lost, all distributions on the account will be reinvested in additional Fund shares. In addition, the amount of any outstanding (unpaid for six months or more) check and checks that have been returned to the transfer agent may be reinvested at the then-current NAV and the checks will be canceled. However, checks will not be reinvested into

accounts with a zero balance, but will be held in a different account. Any of your unclaimed property may be transferred to the state of your last known address if no activity occurs in your account within the time period specified by that state's law.

### **Retirement Accounts**

You may invest in Fund shares through an IRA, including traditional and Roth IRAs, also known as "Qualified Retirement Accounts." The Fund may also be appropriate for other retirement plans. Before investing in any IRA or other retirement plan, you should consult your tax adviser. Whenever making an investment in an IRA, be sure to indicate the year for which the contribution is made.

## Other Information

### Distributions and Dividend Reinvestments

The Fund declares distributions from net investment income and pays those distributions quarterly. Any net capital gain realized by the Fund will be distributed at least annually.

Most investors have their income dividends and capital gain distributions (each a “distribution”) reinvested in additional shares of the Fund. If you choose this option, or if you do not indicate any choice, your dividends will be reinvested. Alternatively, you may choose to have your distributions of \$10 or more sent directly to your bank account or paid to you by check. However, if a distribution is less than \$10, your proceeds will be reinvested. If five or more of your distribution checks remain uncashed after 180 days, all subsequent distributions may be reinvested. For federal income tax purposes, distributions from non-qualified retirement accounts are treated the same way whether they are received in cash or reinvested.

### Taxes

The Fund generally intends to operate in a manner such that it will not be liable for federal income or excise taxes.

The Fund’s distributions of net investment income and net short-term capital gain are taxable to you as ordinary income. The Fund’s distributions of net long-term capital gain (that is, the excess of net long-term capital over net short-term capital loss), if any, are taxable to you as long-term capital gain, regardless of how long you have held your shares. Distributions may also be subject to state and local taxes. Some Fund

distributions may also include nontaxable returns of capital. Return of capital distributions reduce your tax basis in your Fund shares and are treated as gain from the sale of the shares to the extent they exceed your basis.

A portion of the Fund’s distributions may be treated as “qualified dividend income,” taxable to individuals at a maximum federal income tax rate of 15% (0% for individuals in lower tax brackets) through 2012. A distribution is treated as qualified dividend income to the extent that the Fund receives dividend income from taxable domestic corporations and certain qualified foreign corporations, provided that holding period and other requirements are met.

A distribution reduces the NAV of the Fund’s shares by the amount of the distribution. If you purchase shares prior to a distribution, you are taxed on the distribution even though the distribution represents a return of your investment.

The sale (redemption) of Fund shares may be a taxable transaction for federal income tax purposes. You will recognize a gain or loss on the transactions equal to the difference, if any, between the amount of your net sales proceeds and your tax basis in the Fund shares. The gain or loss will be capital gain or loss if you held your Fund shares as capital assets. Any capital gain or loss will be treated as long-term capital gain or loss if you held the Fund shares for more than one year at the time of the redemption. Any capital loss arising from the redemption of shares held for six months or less, however, will be treated as long-term capital loss to the extent of the amount of net capital gain distributions with respect to those shares.

The Fund may be required to withhold federal income tax at the rate of 28% on all distributions and redemption proceeds (regardless of the extent to which you realize gain or loss) otherwise payable to you (if you are an individual or certain other non-corporate shareholder) if you fail to provide the Fund with your correct U.S. tax identification number or to make required certifications, or if you have been notified by the IRS that you are subject to backup withholding. Backup withholding is not an additional tax, and any amounts withheld may be credited against your federal income tax liability once you provide the required information or certification.

Distributions from the Fund and gain recognized from the sale or other disposition of Fund shares will be subject to a 3.8% U.S. Federal Medicare contribution tax on “net investment income,” beginning in 2013, for individuals with incomes exceeding \$200,000 (or \$250,000 if married and filing jointly).

After December 31 of each year, the Fund will mail you reports containing information about the income tax classification of distributions paid during the year. For further information about the tax effects of investing in the Fund, please see the SAI and consult your tax adviser.

## **Organization**

The Trust is a Delaware statutory trust, and the Fund is a series thereof. The Fund does not expect to hold shareholders’ meetings unless required by federal or Delaware law. Shareholders of each series of the Trust are entitled to vote at shareholder meetings unless a matter relates only to a specific series (such as approval of an advisory agreement for the Fund). From time to time, large shareholders may control the Fund or the Trust.

## Financial Highlights

The financial highlight table is intended to help you understand the financial performance of the Fund for the past five years. Certain information reflects financial results for a single Fund share. The total returns in the table represent the rate that an investor would have earned (or lost) on an investment in the Fund, assuming reinvestment of all dividends and distributions. The information for the fiscal years ended December 31, 2009 to December 31, 2010, has been audited by BBD, LLP, an independent registered public accounting firm, whose report, along with the Fund's financial statements, are included in the annual report, which is available upon request. The information for the fiscal year ended December 31, 2006 to December 31, 2008, was audited by the Fund's previous independent registered public accounting firm.

	For the Years Ended December 31,				
	2010	2009	2008	2007	2006

Net Assets at End of Year (000's omitted)	\$13,007	\$12,404	\$13,978	\$28,505	\$27,212
Ratios to Average Net Assets:					
Net investment loss	(2.25)%	(2.97)%	(1.68)%	(1.70)%	(1.41)%
Net expense	2.34%	3.08%	1.90%	1.82%	1.65%
Gross expense <sup>(c)</sup>	3.63%	4.01%	2.78%	2.36%	2.65%
<b>PORTFOLIO TURNOVER RATE</b>	319%	381%	521%	380%	497%

<sup>(a)</sup> Calculated based on average shares outstanding during the year.

<sup>(b)</sup> Less than \$0.01 per share.

<sup>(c)</sup> Reflects the expense ratio excluding any waivers or reimbursements.

<sup>(d)</sup> Per share amount does not reflect the actual net realized and unrealized gain/loss for the period because of the timing of sales of the Fund shares and the amount of per share realized and unrealized gains and losses at such time.

<b>FACTS</b>	<b>WHAT DO ADAMS HARKNESS SMALL CAP GROWTH FUND (THE “FUND”) AND ITS AFFILIATES DO WITH YOUR PERSONAL INFORMATION?</b>
--------------	--

<b>Why?</b>	Financial companies choose how they share your personal information. Federal law gives consumers the right to limit some but not all sharing. Federal law also requires us to tell you how we collect, share, and protect your personal information. Please read this notice carefully to understand what we do.
-------------	--

<b>What?</b>	<p>The types of personal information we collect and share depend on the product or service you have with us.
